

M&H Elderly Care Community Referral Partnership Program

Earn ongoing referral royalties by connecting families to compassionate home care.

At **M&H Elderly Care**, we believe great care begins with trusted connections. Our **Referral Partnership Program** rewards individuals and organizations who help connect families to quality in-home care services.

This is not a one-time referral bonus.

It is a **royalty-based incentive tied to the lifetime of care services** provided to clients you refer.

WHO THIS PROGRAM IS FOR

This program is ideal for:

- Community leaders & advocates
- Church & faith-based organizations
- Healthcare & social service professionals
- Case managers & discharge planners
- Realtors, housing coordinators, senior advisors
- Friends and family members of seniors

No healthcare license required.

HOW THE REFERRAL ROYALTY WORKS

Simple. Ethical. Ongoing.

1. You refer a client or family in need of home care
2. M&H Elderly Care completes intake and begins services
3. You earn **ongoing referral royalties**
4. Royalties continue **for the life of active care services**
5. Payments are issued according to referral program terms

Your referral remains linked to you for as long as care continues.

WHY WE OFFER LIFETIME ROYALTIES

We value:

- Long-term relationships
- Ethical referrals
- Community trust

By offering ongoing royalties, we ensure partners are rewarded for the **true value** they help create — not just the introduction.

WHAT YOU NEED TO REFER SOMEONE

To submit a referral, you'll need:

- Your contact information
- Client's name and contact details
- Confirmation the client has given permission to be referred
- General care needs (if known)

M&H Elderly Care handles all follow-up and care coordination.

WHY PARTNER WITH M&H ELDERLY CARE

- Licensed and insured home care provider
- Carefully screened caregivers
- Compassionate, professional care coordination
- Ethical handling of every referral
- Clear communication with partners

Your referrals are treated with dignity and respect.
